DAFR6200 PAYROLL TRANSACTIONS WITH FUND CONTROL ERRORS, DAFR6220 PAYROLL TRANSACTIONS IN ERROR, AND DAFR6230 ERRORS BY BATCH AGENCY AND ERROR TYPE HAVE BEEN MODIFIED

Modifications were made to produce a "No Records Found" message for all DAFR6200, DAFR6220, and DAFR6230 report requests when no data is found. Currently, when more than one report request is run for each report, only the last report request would generate a "No Records Found" message. This modification will produce a "No Records Found" message for all DAFR6200, DAFR6220, and DAFR6230 report requests that do not produce any data.
